Hi Matthew

I've sent you the instructions on the Discord, but I think going forward we will need a better way for you guys to work on the project from home. I recommend using something like SourceTree or Git for Desktop. I will go over it with you guys this morning.

Kind regards

Alpeche Pancha

**Subject:** Unreal Project Access

Hi Alpeche,

I need to access the Unreal project but unable to find a way to download it from Github.

Can you help me with this issue?

Kind Regards,

Matthew Fisher.
