Hi Matthew

Thanks for adding the tasks. I've estimated and made a start on mine.

I have you as a friend on Discord and I sent you a message, you should be able to right click my name and invite me to the server.

Kind regards

Alpeche

Subject: Jira Tasks

Hi guys,

I've put your tasks on Jira and the tasks must be done before Wednesday 6th February. If you need any help with the tasks, let me know.

Also can you respond to my friend requests on Discord otherwise I can't put you guys in the discord server I've created.

Good luck with the tasks.

Kind Regards,

Matthew Fisher.
